GENERAL SURVEYORS NOTES:

- The Legal Description used to perform this survey was supplied by others. This survey does not determine
 nor imply ownership of the lands or any fences shown hereon. Unless otherwise noted, an examination of
 the abstract of title was NOT performed by the signing surveyor to determine which instruments, if any, are
 affecting this property.
- The purpose of this survey is to establish the boundary of the lands described by the legal description
 provided and to depict the visible improvements thereon for a pending financial transaction. Underground
 footings, utilities, or other service lines, including roof eave overhangs were not located as part of this survey.
 Unless specifically stated otherwise the purpose and intent of this survey is not for any construction activities
 or future planning.
- 3. If there is a septic tank or drain field shown on this survey, the location depicted hereon was either shown to the surveyor by a third party or it was estimated by visual above ground inspection. No excavation was performed to determine its location.
- 4. This survey is exclusively for a pending financial transaction and only to be used by the parties to whom it is certified
- 5. Alterations to this survey map and report by other than the signing surveyor are prohibited.
- 6. Dimensions are in feet and decimals thereof.
- 7. Any FEMA flood zone data contained on this survey is for informational purposes only. Research to obtain said data was performed at www.fema.gov and may not reflect the most recent information.
- 8. Unless otherwise noted "SET" indicates a set iron rebar, 5/8 inch in diameter and eighteen inches long.
- 9. The symbols reflected in the legend and on this survey may have been enlarged or reduced for clarity. The symbols have been plotted at the approximate center of the field location and may not represent the actual shape or size of the feature.
- 10. Points of Interest (POI's) are select above-ground improvements, which may appear in conflict with boundary, building setback or easement lines, as defined by the parameters of this survey. These POI's may not represent all items of interest to the viewer. There may be additional POI's which are not shown or calledout as POI's, or which are otherwise unknown to the surveyor.
- 11. Utilities shown on the subject property may or may not indicate the existence of recorded or unrecorded utility easements.
- 12. The information contained on this survey has been performed exclusively by and is the sole responsibility of Exacta Land Surveyors, LLC. Additional logos or references to third party firms are for informational purposes only
- 13. Due to varying construction standards, house dimensions are approximate and are not intended to be used for new construction or planning.
- 14. Surveyor bearings are used for angular reference and are used to show angular relationships of lines only and are not related or orientated to true or magnetic north. Bearings are shown as surveyor bearings, and when shown as matching those on the subdivision plats on which this survey is based, they are to be deemed no more accurate as the determination of a north orientation made on and for those original subdivision plats. North 00 degrees East is assumed and upon preparation of this plat, the resulting bearing between found points as shown on this survey is the basis of said surveyor bearings as defined and required to be noted by Illinois Administrative Code Title 68, Chapter VII, Sub-Chapter B, Part 1270, Section 1270.56, Paragraph B, Sub-Paragraph 6, Item k.
- 15. THIS SURVEY IS A PROFESSIONAL SERVICE IN COMPLIANCE WITH THE MINIMUM STANDARDS OF THE STATE OF ILLINOIS. NO IMPROVEMENTS SHOULD BE MADE ON THE BASIS OF THIS PLAT ALONE. PLEASE REFER ALSO TO YOUR DEED, TITLE POLICY AND LOCAL ORDINANCES. COPYRIGHT BY EXACTA ILLINOIS SURVEYORS. THIS DOCUMENT MAY ONLY BE USED BY THE PARTIES TO WHICH IT IS CERTIFIED. PLEASE DIRECT QUESTIONS OR COMMENTS TO EXACTA ILLINOIS SURVEYORS, INC. AT THE PHONE NUMBER SHOWN HEREON.
